Higher ED; Buckinghamshire Chilterns University College

Currently studying BA (Hons) Graphic Design, just completed final year, most of results throughout the year have been highly graded.

Computer Skills

I have studied ICT at GCSE and at A level and I have very good computer skills with most aspects of programs and hardware.

INTERESTS

I am very keen on design and my business. I like creating new innovative designs and designing them too. I have designed and made several products over the past few years, wedding invites, brochures and visual images for websites. Mostly I like to design animated images for websites. I have many years of practical design experience, as well as being able to create and design images. I am keen and I enjoy my hobby very much. I'm also into cars and photography.
